

CONSULTING - SCOUTING

Sacha GIFFA

ABOUT ME

My 20 years of professional life have given me a wealth of knowledge that later inspired me to become a trainer.

Coaching, learning and passing on feels like a natural continuation of my career as a top-level sportsman with a great amount of experience to pass on.

Sharing what I've learned over the years requires a great deal of work and investment but I'm immensely passionate about it.

I see myself as a coach focused on training young players, as I myself come from a French Parisian youth program.
